# Environment

**We are committed to prevent pollution and focus on caring for the Environment by aiming to reduce all of our impacts.**

**We have established objectives to:**

- Recognise the Environment as an element requiring protection and enhancement
- Recognise the lifecycle aspects and impacts of our activities on the Environment
- Identify our technologies and services in the best processes to provide improvements to the environment

**In order to achieve this, we will:**

- Identify and comply with our legislative, regulatory and other obligations
- Create systems and processes which control our environmental obligations
- Set and review environmental Aspects & Impacts at relevant functions and levels
- Continually reduce our environmental impacts and improve our performance
- Communicate with stakeholders regarding our environmental obligations and our environmental performance
